4. First-aid measures

Description of first aid measures

Stokoderm Protect PURE

Inhalation

Unlikely route of exposure as the product does not contain volatile substances.

Ingestion

Rinse mouth thoroughly with water. Get medical attention.

Skin Contact

Not applicable

Eye contact

Remove any contact lenses and open eyelids wide apart. Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Get medical attention promptly if symptoms occur after washing.

Indication of immediate medical attention and special treatment needed

Notes for the doctor

No specific recommendations.

5.Fire-fighting measures

Extinguishing media

Suitable extinguishing media

The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire.

Advice for firefighters

Protective actions during firefighting

No specific firefighting precautions known.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

Personal precautions

Avoid contact with eyes.

Environmental precautions

Environmental precautions

Not considered to be a significant hazard due to the small quantities used.

Methods and material for containment and cleaning up

Methods for cleaning up

Flush away spillage with plenty of water. Avoid contamination of ponds or watercourses with washing down water. Avoid runoff into storm sewers and ditches which lead to waterways.

7. Handling and storage

Precautions for safe handling

Usage precautions

Avoid contact with eyes.

Conditions for safe storage, including any incompatibilities

Storage precautions

Store in closed original container at temperatures between 0°C and 40°C.

8. Exposure Controls/personal protection

Control parameters

Occupational exposure limits

Exposure controls

Eye/face protection

Not required normally but wear eye protection if you are conducting an operation where there is a risk of this product getting in

Stokoderm Protect PURE

the eyes.

9. Physical and Chemical Properties

Information on basic physical and chemical properties

Appearance

Color

White / off-white.

Odor

Odorless.

pН

pH (concentrated solution): 6.0-8.0

Relative density

1.0 @ °C

10. Stability and reactivity

Stability

Stable at normal ambient temperatures.

Conditions to avoid

There are no known conditions that are likely to result in a hazardous situation.

Materials to avoid

No specific material or group of materials is likely to react with the product to produce a hazardous situation.

Hazardous decomposition products

Does not decompose when used and stored as recommended.

11. Toxicological information

Information on toxicological effects

Toxicological effects

No data recorded.

Inhalation

No specific health hazards known.

Ingestion

May cause discomfort if swallowed.

Skin Contact

Skin irritation should not occur when used as recommended.

Eye contact

May cause temporary eye irritation.

12. Ecological Information

Ecotoxicity

Not regarded as dangerous for the environment.

Persistance and degradability

Persistence and degradability

The product is biodegradable.

Bioaccumulative potential

No data available on bioaccumulation.

Stokoderm Protect PURE

Mobility in soil

Mobility

The product is water soluble and may spread in water systems.

13. Disposal considerations Waste treatment methods

General information

When handling waste, the safety precautions applying to handling of the product should be considered.

Disposal methods

Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority.

14. Transport information			
Road transport notes	Not classified.		
Rail transport notes	Not classified.		
Sea transport notes	Not classified.		
Air transport notes	Not classified.		
Environmental hazards			

Environmentally Hazardous Substance

No.
