

<u>1 Identification</u> · Product identifier

· Trade name: Biomor Urinal Pucks

• Article number: 2130854001 • Recommended use Urinal pucks

· Restrictions on use

# Safety Data Sheet

acc. to SOR/2015-17 and OSHA 29 CFR Parts 1910, 1915,

1926

## All other uses than those indicated on the product label and technical data sheet. · Details of the supplier of the safety data sheet · Manufacturer: Avmor Ltd. 950, Michelin Laval, QC, Canada H7L 5C1 1-800-387-8074 www.avmor.com info@avmor.com Client Identification Number 119100 · Emergency telephone number: CANUTEC 1-613-996-6666 2 Hazard(s) identification · Classification of the product: GHS07 Skin Irrit. 2 H315 Causes skin irritation. Eye Irrit. 2A H319 Causes serious eye irritation. · Label elements · Hazard pictograms: GHS07 · Signal word: Warning · Hazard statements: H315 Causes skin irritation. H319 Causes serious eye irritation. Precautionary statements Wear protective gloves and eye or face protection. P280 P264 Wash thoroughly after handling. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Specific treatment (see on this label). P321 P337+P313 If eye irritation persists: Get medical attention. (Contd. on page 2)

 Trade name: Biomor Urinal Pucks

 (Contd. of page 1)

 P302+P352

 P302+P352
 If on skin: Wash with plenty of water.

 P332+P313
 If skin irritation occurs: Get medical attention.

 P362+P364
 Take off contaminated clothing and wash it before reuse.

 • Classification system:
 • NFPA ratings (scale 0 - 4)

 • MFPA ratings (scale 0 - 4)
 Health = 1

 Fire = 0
 Reactivity = 0

 • Hazard not otherwise classified None
 • Notes: For the wording of the listed abbreviations refer to section 16.

3-<10%
3-<10%
2.5-<3%

## **4 First-aid measures**

### · General information:

· After inhalation:

In case of unconsciousness place patient stably in side position for transportation. Get medical attention.

- · After skin contact: Immediately wash with water and soap and rinse thoroughly.
- · After eye contact:
- Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
- After ingestion: If symptoms persist consult a doctor.
- Information for doctor:
- Most important symptoms and effects, both acute and delayed No further relevant information available.

## **5 Fire-fighting measures**

#### · Suitable extinguishing media

· Suitable extinguishing media

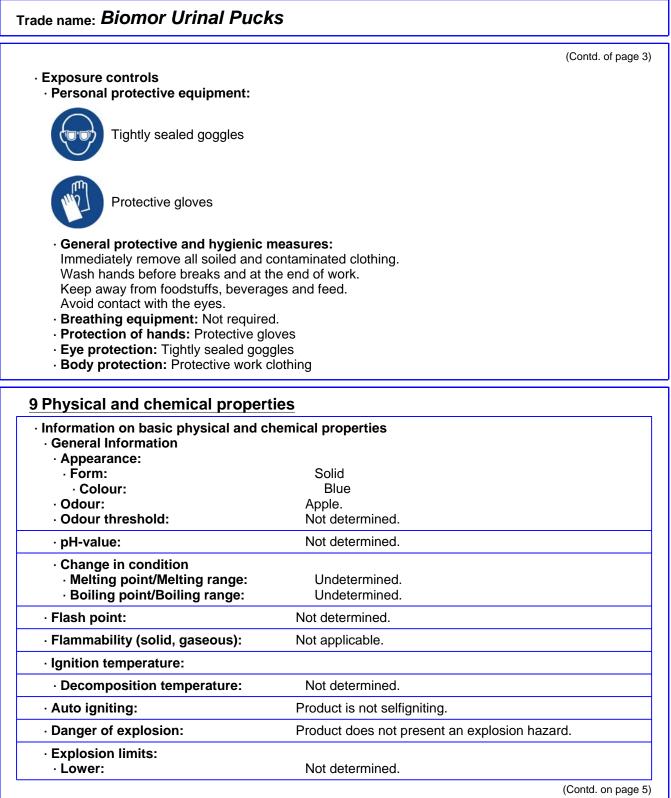

CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

(Contd. on page 3)

Trade name: Biomor Urinal Pucks (Contd. of page 2) · Specific hazards arising from the product In case of accidental fire and extreme heat conditions, the following gaseous products can be released after water evaporation: hydrocarbons, carbon monoxides and dioxides (COx) and nitrogen dioxide (NOx). · Advice for firefighters · Special protective equipment and precautions for fire-fighters No special measures required. · Additional information This product is not flammable. 6 Accidental release measures · Personal precautions, protective equipment and emergency procedures Wear recommended protective equipment(s). Keep unprotected persons away. · Environmental precautions: Dilute with plenty of water. Do not allow to enter sewers/ surface or ground water. · Methods and material for containment and cleaning up: Surround and absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Ensure adequate ventilation. 7 Handling and storage · Handling: · Precautions for safe handling Ensure good ventilation at the workplace. Prevent formation of aerosols. · Conditions for safe storage, including any incompatibilities · Requirements to be met by storerooms and receptacles: No special requirements. · Information about storage in one common storage facility: Not required. · Conditions for safe storage, including any incompatibilities Keep in the original receptacle tightly sealed. • Specific end use(s) No further relevant information available. 8 Exposure controls/personal protection • Appropriate engerering controls Ensure appropriate aeration and ventilation. · Control parameters · Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

• Additional information: The lists that were valid during the creation were used as basis.

<ul> <li>Organic solvents:</li> </ul>	0.0 %	

### **10 Stability and reactivity**

• Reactivity Not determined.

- · Chemical stability
  - Thermal decomposition / conditions to be avoided:
  - No decomposition if used according to specifications.
- Possibility of hazardous reactions No dangerous reactions known.
- · Conditions to avoid No further relevant information available.
- Incompatible materials: This product may react with strong oxidizing agents.
- Hazardous decomposition products:

In case of decomposition: carbon monoxide and carbon dioxide and traces of volatile halogenated compounds.

### **11 Toxicological information**

- Information on the likely routes of exposure Skin and eyes contact Acute toxicity:
  - · Numerical mesures of toxicity

<ul> <li>Components</li> <li>Mean of exposure</li> </ul>		Type Value (Species) re
ATE (Acu	te Toxicity	Estimates)
Oral	LD50	15369 mg/kg (rat)
Dermal	LD50	13423 mg/kg
Inhalative	LC50 (4 h)	19167 mg/L (rat)
• by in • If on • If on	halation: No the skin: Irri the eye: Irri	ed to the physical, chemical and toxiological characteristics ot applicable ritant to skin and mucous membranes. tating effect. May cause irritation of the gastrointestinal tract, nausea, vomiting and headache. (Contd. on page 6

Trade name: Biomor Urinal Pucks (Contd. of page 5) · Sensitization: No sensitizing effects known. · Delayed and immediate effects, and chronic effects from short-term and long-term exposure Prolonged or frequent contact can cause eczema and inflammation of the skins as a results of degreasing. · Additional toxicological information: The product shows the following dangers according to internally approved calculation methods for preparations: Irritant · Carcinogenic categories IARC (International Agency for Research on Cancer) None of the ingredients is listed. · NTP (National Toxicology Program) None of the ingredients is listed. 12 Ecological information Persistence and degradability Organic compounds of this product are readily biodegradable according to the OECD Guideline 301. · Behavior in environmental systems:

- · Bioaccumulative potential Does not accumulate in organisms
- Mobility in soil No further relevant information available.
- · Ecotoxicity No relevant information available
- · General notes:

Germany: Water hazard class 3 (Self-assessment): extremely hazardous for water.

Germany: Do not allow product to reach ground water, water course or sewage system, even in small quantities.

Germany: Danger to drinking water if even extremely small quantities leak into the ground.

## **13 Disposal considerations**

#### · Waste treatment methods

· Recommendation:

Must not be disposed of together with household garbage. Do not allow product to reach sewage system unless significantly diluted or neutralized.

- · Uncleaned packagings:
- **Recommendation:** Disposal must be made according to official regulations.
- · Recommended cleansing agent: Water.

### 14 Transport information

· DOT, ADN, IMDG, IATA

Not regulated.

· UN proper shipping name · DOT

Not regulated.

(Contd. on page 7)

Trade name: Biomor Urinal Pucks (Contd. of page 6) Transport hazard class(es) · Class Not regulated. Packing group · DOT Not regulated. · Environmental hazards: · Marine pollutant: No · Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable. **15 Regulatory information** · Safety, health and environmental regulations/legislation specific for the substance or mixture · Chemicals known to cause cancer: None of the ingredients is listed. · Chemicals known to cause reproductive toxicity for females: None of the ingredients is listed. · Chemicals known to cause reproductive toxicity for males: None of the ingredients is listed. · Chemicals known to cause developmental toxicity: None of the ingredients is listed. · EPA (Environmental Protection Agency) None of the ingredients is listed. TLV (Threshold Limit Value established by ACGIH) None of the ingredients is listed. · NIOSH-Ca (National Institute for Occupational Safety and Health) None of the ingredients is listed.

## **16 Other information**

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

Date of creation/last revision: 05/15/2015
